

TANGO
CARD

Prepaid Visa® Reward Overview

The Prepaid Visa Reward is a Promocode that is delivered by email. The recipient will have 6 months to redeem their Promocode for a Visa Virtual Account. Once the value of the code has been applied to a Visa Virtual Account, the recipient will have 12 months to use the value wherever Visa Debit is accepted online or over the phone. Or, the value can be put onto a Physical Visa Prepaid Card, to be mailed to the recipient.

Price: Face Value of Reward

Available Denominations: Variable from \$5 to \$1,000

Promocode Combination:

- The “banking” feature allows you to store the value of a promocode for redemption at a later date, and to combine the value of multiple promocodes into one Physical or Virtual Card. This feature does not deposit reward value into a bank account.
- There is a convenience fee of 5% of the total redemption value that will be deducted from the value of the new card. Total fees cannot be less than \$1 and no more than \$5.
- A maximum total value of \$1,000 can be redeemed at one time.

Possible Cardholder Fees:

- USD \$3.00 shipping and handling fee applies if the recipient chooses a Physical Visa Prepaid Card (Physical Cards not available in these countries: China, Brazil, Russia.)
- 2% Non-U.S. Currency Transaction fee will be applied if the merchant settles in a currency other than USD

Onboarding – Additional items Tango Card requires to be completed before inclusion of the Prepaid Visa Reward:

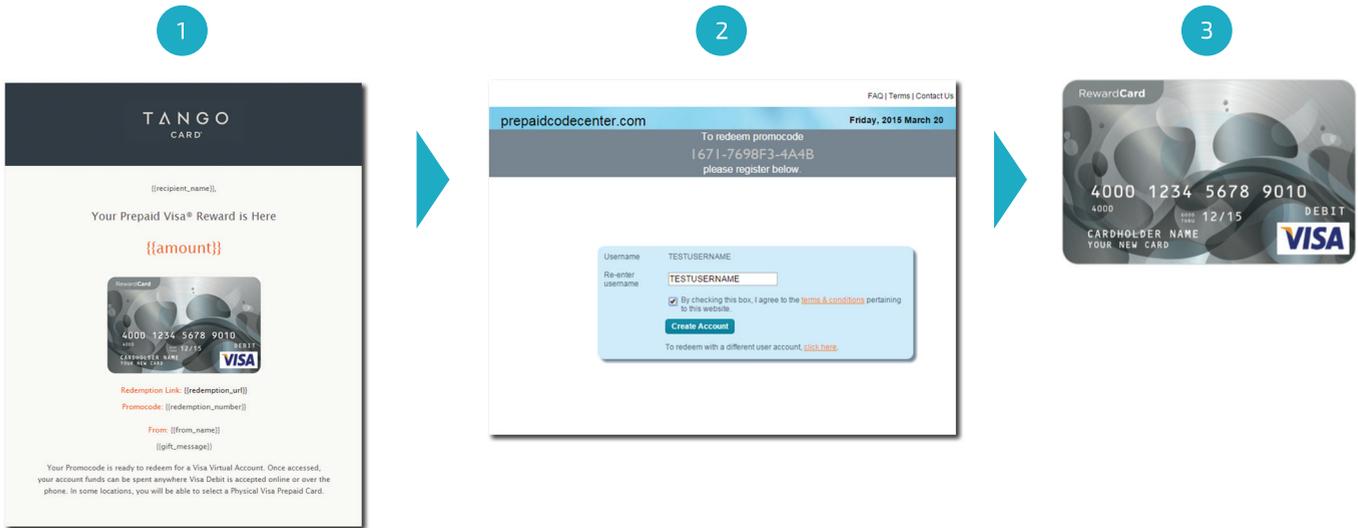

- Cash Equivalent Rewards Additional Terms Agreement
- Know Your Client Due Diligence form
- Mention of the Prepaid Visa Reward in program collateral must include a brand disclaimer
